Agenda
Eastern Time
Zone

9: 00 AM - Class begins

12:00PM - 1:00 PM - Lunch

4:00 PM - Class ends

About the Classes

Kentucky Hardwoods Lumber Grading attendees will be exposed to general wood and lumber terminology, species information, NHLA Hardwood lumber rules and application, as well as defects and limitations. These classes are designed to be an in state resource for Kentucky wood/forest industries and assist in getting new personnel trained, keep lumber graders up to date on rules changes over the years, and help our KY industries maintain in this global economy. Additionally, we hope these programs will serve as a pathway to the NHLA lumber inspection school in Memphis, TN.

Due to the Kentucky Forest Industries Association's continued support of these and other educational programs, all KFIA members receive a 20% discount on short course programs.

Materials Provided are:

Paper, pencil, Rules for the Measurement and Inspection of Hardwoods and Cypress book.

A grading stick will be made available for each attendee to use during the course. These grading sticks are available for purchase at \$60 each.

Instructor: Chad Niman

University of Kentucky, Forestry and Natural Resources Extension
