**Did You Know:** The Log a Load for Kids Program originated in South Carolina in 1988 to demonstrate logger commitment to community service and professionalism. The concept was for loggers and wood supplying businesses to donate the value of a load of logs to a Children's Miracle Network affiliated hospital. Funds were used in treating ill and injured children. **We are excited to announce that since 1997 Kentucky's forest industry has raised over \$1million for the Kentucky Children's Hospital due to the generosity of our donors.**
